Syllabus for Math 32, Spring 2012

Calculus III

Please read this syllabus carefully. You will be responsible for all the information given here, and for any modifications to it that may be announced in class. Updated information and handouts can be accessed at my website: www.math.ohio-state.edu/~kao/

Instructor: Chiu-Yen Kao

Texts: (1) Calculus, 5th Edition by Strauss, Bradley, Smith (required)

Lecture: MWF 9:00-9:50am @ Roberts North 12

Course Description: A continuation of Mathematics 31. Multivariable calculus and vector analysis with applications to physical and social sciences. Functions of several variables; polar coordinates and parametric representation of curves; partial differentiation, the method of Lagrange multipliers; multiple integration; calculus of vector functions.

Office Hours: MWF 10:00-11:00am @ Adams 206 and by appointment

E-mails: Ckao@claremontmckenna.edu or kao@math.ohio-state.edu

Tentative Schedule: (See my website for detail schedule)

Ch 9: Vectors in the Plane and in Space
Ch 10: Vector-Valued Functions
Ch 11: Partial Differentiation
Ch 12: Multiple Integration
Ch 13: Vector Analysis

Grading: midterm (Fri. Feb 24, 20%, Wed. Apr 4, 20%), final exam (Thurs. May 10 9:00am, 30%), class participation (5%), and homework and quiz (25%). The letter grade will be with an approximately 90(A)-80(B)-70(C)-60(D) scale.

Class Participation: You are expected to attend all lectures, and are responsible for all information given out during them. Excessive absences without any medical reasons will result in points lost from your class participation grade. Activities such as sleeping, reading, listening to headsets, browsing the web, conversing with other students, and so on do not constitute class participation. Students engaging in such behavior during the lecture will be counted as absent.

Homework: I encourage students to discuss HW with each other. However, you should still write your own answers. No late HW will be accepted.

Examination: final exam will be held on Thurs, May 10, 9:00am. University regulations require that you take it at that time. It will cover all sections listed in the class schedule. All tests
must be taken at the scheduled times, except in extraordinary circumstances. If you cannot take a
test at the scheduled time, you should contact me in advance. Check the grading of your exams
carefully when they are returned; all grading errors should be brought to my attention as soon as
possible. **No calculators will be allowed during any exams.**

*Any student who feels s/he may need an accommodation based on the impact of a disability
should contact me privately to discuss your specific needs. If you have any other questions
related to Disability Support Services at Claremont McKenna College, please contact Julia
Easley in the Dean of Students Office at 909-621-8114
